THE LIGHT ETENRAL is a Biblical play, a dramatization of important events leading up to the giving of the Ten Commandments. The colorful, authentic costumes, beards, and head pieces lend an ancient setting to the production that is awe-inspiring.

The story of "THE LIGHT ETERNAL" begins with the story of Joseph being sold into slavery, later elevated to the governorship of Egypt, and still later being reunited with his brothers, is all portrayed in an intensely interesting and dramatic manner.

Also the complete story of the deliverance of the Israelites from bondage by Moses and Aaron portrayed with dramatic intensity and suspense that cannot be described.

The climaxing scene of the production is the actual giving of the Ten Commandments by Moses to the people. The closing scene of the production is the portrayal of the Nativity of the birth of Christ. Although this is a story well-known to everyone it is done in a new and different manner that will hold the audience spell bound.

"THE LIGHT ETERNAL" has been a sensational success wherever it has been staged. This production has drawn tremendous crowds Wherever it has been presented.

Our Cast, chorus and Children's candlelight choir will be from all churches, all local people. The cast includes Mayor Buchanan, Mr. Geo. Abbitt, Mr. John Peters, Dr. W. Twyman Williams, Mr. Dewitt Evans and other prominent citizens of our town.

POLITICAL SIGNS

The State Highway Department informs all political candidates in this year's election that there's a State law regulating political posters along the highways.

Such posters are subject to the regulations as all other outdoor advertising signs. The Outdoor Advertising Act of 1940 required that permits be obtained for all signs posted in such a fashion as to be visible from a State highway. A slight fee is charged for the permit.

Also, advertising is prohibited on State right-of-way.

Skyline Ball League Lines Up Six Teams

At least six teams are considered lined up to play in the Skyline Baseball loop this year, and there is a chance that two more may be added to make the semi-pro league an eight-club affair.

The six fairly definite starters are: Appomattox, Altavista, Amherst, Bedford, Buena Vista and Rocky Mount. In event that Rocky Mount drops out, a Roanoke team would be added. If the league goes on an eight-club basis, Clifton Forge and Covington would be the two additional clubs.

The league has selected the following umpires for the approaching season: Joe Wood, Tobby Carr, and Bill Moseley.

Appomattox should see plenty of baseball this year. In addition to Skyline League games, the local Lee Theatre park will see Appomattox in action against strong non-league semi-pro teams; the Appomattox High School team will use the park for its home games, and the strong local Negro team, the Bear Cats, will doubtless fill in lots of home dates.

REV. GARLAND A. HENDRICKS

TO PREACH HERE AT LIBERTY BAPTIST

Liberty Baptist Church is happy to present the Rev. Garland A. Hendricks, outstanding student of rural and small town church life, as the guest speaker over the Liberty Baptist Hour, Sunday April 10. Mr. Hendricks has served as pastor of three churches, Littleton, Knightdale and Apex, N. C. In addition, for some time he has been teaching rural church life at Wake Forest College. He is now pastor of the Olive Chapel Baptist Church at Apex, N. C. This church in the open country has one of the loveliest church buildings in the rural South. It provides a recreation center for the community; a commodious parsonage for its minister, and a comfortable home for the caretaker of the church and the grounds. It holds the record of being one of the first churches in the South to attain to the standard of excellence in Sunday School work, and has maintained this standard for almost a quarter of a century.

Mr. Hendricks has served effectively as a member of a number of important boards and agencies in the Baptist denomination.

Road Deaths Show Increase

Richmond, April 6.-Virginia traffic deaths for the first quarter of 1949 stand at more than 36 per cent above those of last year, Col. C. W. Woodson, Jr., Superintendent of State Police and newly-elected executive chairman of the Governor's Highway Safety Committee, announced today.

During 1948, he said, 128 persons, including 49 pedestrians were traffic victims in January, February and March while this year the toll reached 175, 38 of whom were pedestrians.

As a partial explanation of this alarming rise, Col. Woodson pointed out that January and February of 1948 saw considerable hazardous weather conditions which caused many motorists to drive more cautiously than usual and to abandon much unnecessary motoring while the abnormally early spring weather of the same period in 1949 caused both motorists and pedestrians to throng the streets and highways. He added that traffic volumes were approximately 14 per cent above those of the same period of 1948.

Col. Woodson stated further that national traffic deaths rose some four per cent, largely in the East, due to the same unusual weather conditions.

In calling upon the people of Virginia and the governmental agencies concerned to redouble their efforts, he warned that we will see more traffic deaths this year than the 1110 in 1941, which was our worst year, unless something is done to curb them drastically.

Meeting Of The Town Council

At its regular monthly meeting Monday night, the Town Council of Appomattox voted to go ahead with plans to erect a suitable water tank which could meet the request of the Appomattox Garment Company for increased pressure so they can install a sprinkler system. The plan would be submitted to the voters of the town in a bond issue election. Proponents of the project declare that it can be financed without an increase in the town tax rate, due to growth of the town's income. The town has secured the aid of engineers to prepare an estimate of needs and the cost of the improvement. It is also stated that this program would not interfere with the services rendered by the present privately owned water system. When the engineers and the town attorney have prepared definite proposals, they will be submitted to citizens of the town.

The action Monday night was construed as being to go ahead and prepare the plans and then submit definite proposals to the people.
